A sailing experience with Star Clippers is more than just a cruise. To sail on a tall ship is to appreciate a bygone era of exploration, trade and travel – purely by utilising the power of the wind. Royal Clipper, Star Clipper and Star Flyer are ships that celebrate a time where clipper ships ruled the oceans.

# The world's most spectacular Tall Ships...

Star Clippers offers the perfect opportunity for passengers to discover modern luxury, whilst preserving old-time sailing traditions carried out by mariners long ago. The courtship of old and new creates a unique and relaxed atmosphere, without passengers having to sacrifice the opulence and enchantment of a true tall ship.

Climb aboard Star Clipper, Star Flyer or Royal Clipper, the largest fully rigged sailing ship in the world today. Revel in the abundance of activities and amenities available on board including exquisite personable service, multiple pools, bar areas and an observation lounge that can be found aboard Royal Clipper.

Take in the views whilst on the rich teak deck, have a cocktail at the Tropical Bar or simply lay back and relax to the gentle lapping of waves against a wind driven hull.

Enjoy the renowned sail-away experience; take in the epic sounds of the Greek composer Vangelis, as thousands of square feet of sail unfurl above you. As each vessel smoothly sails into the glorious sun set, the flirtation between adventure and comfort becomes clear...

Our small ship cruises will not only provide an intimate experience, but also the opportunity to meet new people, see new places and create the holiday experience of a lifetime.

# Royal Clipper...

In 1902, Preussen, the only five-masted full rigger was built to serve the nitrate trade from Chile to Germany. She was the largest tall ship ever to be constructed and her extensive sail area made her a strong contender in speed, amongst the fastest clipper ships of her time.

Preussen was great inspiration for the production of the beautiful **Royal Clipper**, and in 2000, became the first five-mast ship to be built in 98 years. The impressive and luxurious clipper now has the proud

distinction of being the largest and only five-masted full-rigged sailing ship to dominate the seas. With her complement of 42 sails, which have a combined area of 56,000 square feet, Royal Clipper stands out amongst her peers in more ways than one.

Weighing 4,425 tonnes, measuring 439 in feet and carrying a total of 227 guests, this luxurious and monarchical beauty rises from the waves in majestic fashion and leaves all that sail in her awestruck.

# Star Clipper & Star Flyer...

**Star Clipper** is a star of the sea; gliding through the water like a graceful swan and sitting proudly atop the rolling waves. Although she's a four-masted ship, as opposed to five, she is surprisingly taller than Royal Clipper and possesses just as much style as her illustrious cousin. Star Clipper is 360 feet long and carries only 170 guests.

Star Clipper is a true clipper ship, reflecting her proud heritage in every inch of the polished brass and gleaming brightwork that graces her decks and superstructure. Step aboard this striking vessel and you'll be greeted by a new generation of sailing culture. Here, the grand traditions of the past, which characterise what sailing is all about, exist alongside the comforts and amenities found on the contemporary cruise liners of today.

As the name suggests, **Star Flyer** is both a shining example to other ships of her kind and a vessel that cuts through the water with all the grace of a bird in full flight. She may well be a carbon copy of her sister Star Clipper, but she still offers her own style and character to anyone who steps aboard.

If you're taken by the spectacle and grandeur associated with the art of traditional sailing, but want to spend your holiday in the comfortable and luxurious confines offered by a conventional cruise, then a trip aboard Star Flyer is exactly what you are looking for. Her undeniably classical characteristics are a nod of appreciation to her predecessors, whilst her advanced navigation systems and refined finish prove she is by no means outdated.

# Asia Sailings...

Expect breathtaking natural sights, such as waterfalls and volcanoes; peaceful beaches, one of which features pink sand; and exotic wildlife that fills the land, sky and sea. Bali and Komodo are just two of the islands that you may be familiar with, each demonstrating Indonesia's main draws perfectly. The former is home to luxury resorts upon golden sands, whilst the latter is the where you will visit the beautiful Komodo National Park, home to the fearsome Komodo dragon – the world's largest lizard.

Explore Thailand's breathtaking Islands, lush green hills, coconut groves, rubber plantations and a coastline dotted with a dozen spectacular beaches. With floating markets, fascinating wildlife, stunning scenery, tropical rainforests and history in abundance, this is a place for adventure.

# East meets West *Mediterranean Sailings...*

Our Western Mediterranean cruises allow you to sail through this beautiful and picturesque part of the world whilst visiting many famous destinations as you go. The Med offers comfortably warm seas and covers an area of nearly one million square miles between the Strait Of Gibraltar in the west and the Suez Canal in the east, with various embayments in between.

Although still in the same part of the world, our Eastern Mediterranean cruises are vastly different from those that we offer in the Western Mediterranean. The weather is still fantastic and ports of call are still as exciting and intriguing as ever, but the cultures and traditions that you will find in places such as Greece and Turkey vary to those elsewhere in Europe.
